

RICH MIX

LIVESTREAMING YOUR EVENT

With the help of our in-house digital and technical team, you can now not only host your event in person in any of our bespoke spaces, but also to broadcast it to guests around the world.

Whatever your ambition for your livestreamed event, we can make it happen. We can even produce hybrid events that take place both in-person and online.

CHOOSE YOUR PACKAGE

ONE: £500+VAT

- Single-camera setup (Canon XA45) for streaming or recording
- Two wireless lapel microphones for high quality sound

TWO: £750+VAT

- Three-camera setup (BirdDog EYEP2000) for streaming or recording
- Four wireless lapel microphones, run via our digital sound desk for improved sound quality
- Includes asset creation – add a more personal touch to your footage with branding, logos, presentation slides and social media handles

THREE: £1000+VAT

- Four-camera setup (BirdDog EYEP2000 x 3 and Canon XA45 x 1) for streaming or recording
- Four wireless lapel microphones, run via our digital sound desk for improved sound quality
- Includes asset creation – add a more personal touch to your footage with branding, logos, presentation slides and social media handles

THE BASICS

All livestreaming packages include:

- A meeting with your event coordinator, our technical team and marketing team
- Raw footage provided either by digital file or by upload onto an external hard drive (provided by you)
- On-the-day support from one of our dedicated broadcast technicians, who will operate the stream and broadcast to a platform of your choosing (a list of recommended platforms will be provided)

All livestreamed events are offered for a standard length of eight hours, including two hours of set up time.

ADD YOUR EXTRAS

HOSTING: £300+VAT

Rich Mix has the ability to host your event via our website and digital platforms. We will provide:

- Ticketing via our Box Office system
- All transactional emails to bookers
- A dedicated hosting page on the Rich Mix website
- A member of Rich Mix staff to offer on-the-day troubleshooting and customer service

BY REQUEST

- Video editing
- Live captioning/British Sign Language interpretation
- Canon 4k camera and tripod for static filming
